# "Fore the Love of the Game"

A Private Fundraising Dinner

June 23, 2011

Benefiting

Clearview Legacy Foundation

In Memory of William Powell

## Preserve the Legacy

of William Powell and the sustainability of Clearview Golf Course  
for future generations.

The love of sports has provided many of us the enjoyment of playing, the benefit of a career, and a world of opportunities. This was accomplished by a lot of hard work, sacrifice, and following your dream. There is no example that illustrates this more than the life of William Powell.

Clearview Golf Club, known as "America's Course," is the only golf course designed, built, owned and operated by an African-American, the late William Powell. Buying 130 acres of farmland in 1946 after returning from World War II, Mr. Powell began work clearing the land and building his course. The first nine holes opened to the public in 1948, and Mr. Powell expanded the course to 18 holes 30 years later. In 2001, Clearview, located on U.S. Route 30, The Lincoln Highway, was named a National Historic Site by the U.S. Department of the Interior and an Ohio Historic Site.

Powell, a PGA Life Member and the 2009 PGA of America Distinguished Service Award recipient, passed away at age 93 on Dec. 31, 2009. His daughter Renee, LPGA/PGA, is the Head Golf Professional at Clearview, and son Larry is Clearview's Course Superintendent.

Thank you for supporting Clearview Legacy Foundation.
